Stabilization

All through 2006

Jbel Sidi Amor -Ariana

Stabilization

Terminating in 2007

Jbel Sidi Amor -Ariana

Stabilization

After two years of patient conservation work to stabilize the soil, organic reforestation and ecosystem rehabilitation followed with great results.

The Square was divided into five main sections organized around an Octagon, each with a distinctive theme:
Medicinal Flowers, Lemony flavored Plants, Local
Plants, Toxic Plants, Aquatic Medicinal Plants
